

I do not want the Low Power FM stations to take priority over current FM stations if it would mean losing access to K-LOVE in my community. Not only do I and my children enjoy the programming provided by K-LOVE (it is the only radio station I listen to), but I feel it provides a family friendly and safe programming for many families in the community. Before I found K-LOVE, the only radio station I listened to was NPR because I simply do not enjoy the music programming on other stations in my area. While I listen to K-LOVE because I like the music, I believe it also provides an important ministry to many who may not attend church on a regular basis. It would be a loss to many families if this station were displaced by an LPFM broadcaster providing other programming - the loss of family safe music, the loss of positive and uplifting music, the loss of encouraging messages and the loss of ministry in a confused world. Music reaches youth like few other mediums and having a radio station that youth can both enjoy and be influenced in a positive manner is an oasis in a sea of stations that play music full of violent, sexually explicit and degrading music. The service provided by K-LOVE is in the public interest as a means of providing nourishment for the hungry soul of our youth.
